Learn more about eyewear and discounts

Did you know? Healthy eyes start with a comprehensive eye exam.

Eye problems are the second most prevalent health concern in the United States.

With a dilated eye exam, eye doctors can get a good look inside your eye which may show early signs of chronic conditions. They also coordinate care with primary care providers via referrals to report the identification and management of chronic diseases in their patients.

¹ Frame discounts do not apply when prohibited by frame manufacturer.

² You will pay the lesser of the discounted price or the published retail price.

³ Discounts may not apply at all network locations. Check with your eye care provider.

Our network of skilled eye doctors can help you keep your eyes healthy. Visit myuhcvision.com for more details on your exam coverage and to find a network provider.

Frames

Our providers have expansive selections of frames, giving you fantastic options for you and your family. You can choose from any frame available at any network location – giving you ultimate choice for all ages and tastes.

Lenses

We work with top national labs to make sure your prescription is right the first time. You also get great prices on a variety of lens features like anti-reflective coatings, progressive bifocals and tints.

Laser vision correction

UnitedHealthcare has partnered with the Laser Vision Network of America to provide you with access to discounted laser vision correction. Members receive 15% off usual and customary pricing, and 5% off promotional pricing at over 500 locations plus even greater discounts at LasikPlus locations. For more information, visit us at uhclasik.com.

Preferred Pricing on Hearing Aids

You can purchase high-quality digital hearing aids at affordable pricing, starting at \$699 each, through hi HealthInnovations™. These hearing aids use advanced technology to enhance speech understanding and comfort.

What does that mean?

Network/network providers:

A group of eye doctors or vision care facilities that have contracts with an insurance company to provide care or services at special rates; also called “in-network” or “participating network” providers. Make sure you are taking advantage of these great discounts. For benefit details and to find a provider, go to myuhcvision.com.
